Date

Building Name: Berlin Florist
Public/Private Access

Description:

The Berlin Floral Shop is located on the southwest corner of the intersection of Williams and Pitts Streets. The 2 story brick building is covered with a layer of textured stucco. Plate glass show windows in wood frames are on the first floor of this principle facade and 1/1 windows in the other areas of the building. On the west side of the building a covered exterior stair provides access to the second floor. A porch on the same side as the stair is enclosed on the first floor with stamped sheet metal panels resembling concrete block. The upper story of the porch is enclosed with vertical 3" tongue and groove siding and 6/6 windows.

Green and white striped aluminum awnings are in place over the show windows of the main facade. The building is presently in fair condition. The application of the stucco obscured the machiolated cornice of the front of the building although its profile is visible beneath the stucco.

SPECIFIC DATES

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

The building occupied by the Berlin Florist contributes to the essential character of the Berlin Commercial District. Its scale, massing, and original facing material identify it with the core buildings of the district and it serves as a terminus for a streetscape along Williams Street. An application of textured stucco has altered but not erased its impact on the streetscape. The profile of its corbelled cornice relates it to buildings directly across the street from it.
